Sir or Madam:

I oppose the Draft Memorandum being proposed by the FDA. Particularly, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

One size does not fit all. I depend on a formulary pharmacy for two medications I take that are not available at my local pharmacy. If they were available locally, I would buy them locally.

Thank you.

Sincerely yours,
